CARE PLUS®

Anti-Insect

Natural

Care Plus® Anti-Insect Natural is an effective product that offers up to six hours of protection against mosquitoes, ticks and midges.

This DEET-free mosquito repellent contains lemon-eucalyptus extracts. The active ingredient is produced from Eucalyptus Citriodora oil in an environmentally friendly and sustainable manner.
The extracts' effectiveness as an insect repellent has been demonstrated in scientific laboratories and field studies.

Consult a doctor if you want to use Care Plus® Anti-Insect Natural during pregnancy or breastfeeding.

Tropenzorg B.V. has registered Care Plus® Anti-Insect Natural as a biocide and the product complies with all safety equirements for humans, the environment and effectiveness of use, provided it is used as instructed. Please read the label and instructions before using the product. The availability of Care Plus® Anti-Insect Natural depends on local biocide regulations.
