

First Aid Kit

Light Walker

Care Plus has been compiling professional first aid kits for more than twenty years, so when it comes to first aid, we have got you covered! There is a kit for every user, every activity, and every destination. With a Care Plus First Aid Kit, you can administer first aid should an injury occur. Many accidents take place in and around the home and while on holiday. This includes blisters, burns, and scrapes. During a hike or day out, it is useful to have blister plasters at hand, as well as a tick remover.

All of our first aid kits are packaged in strong red nylon bags. The soft exterior makes the kit easy to take along while travelling, even if you have limited luggage space.
