

CARE PLUS[®] Anti-Insect Textile Spray

Care Plus[®] Textile Spray is an innovative and effective fabric spray that provides long-lasting protection against mosquitoes, ticks, bedbugs, ants, and flies. This spray is ideal for use on clothing, tents, mosquito nets, bed linen, and shoes. The product contains no pesticides and is dermatologically tested, making it safe for humans and animals.

How does Care Plus[®] Textile Spray work?

The active ingredient Saltidin[®] masks human scents, making insects less likely to bite. Through a controlled release of this non-toxic ingredient, a protective barrier is created that remains effective for up to 90 days.

Usage & Application:

Spray evenly onto the desired fabric from a 15 cm distance.

Allow to dry in a well-ventilated area.

Reapply after washing or exposure to moisture.

The Care Plus[®] Textile Spray is the perfect solution for travelers, campers, and anyone looking for extra protection against insects!

IN SHORT

- Long-lasting protection for up to 90 days
- Suitable for children from 2 years old
- Free from pesticides, alcohol, and nano-particles
- Repels insects without killing them and dries odorless
- Water-based
