

CARE PLUS®

SKIN SAVER Hypochlorous Acid Spray

Care Plus® Skin Saver Spray refreshes, cares for the skin, and neutralizes sweat odor – day by day. Powerful in action, gentle on the skin.

The secret?

Hypochlorous acid (HOCl), a substance naturally produced by the body as part of the immune system.

What is Hypochlorous Acid (HOCl)?

HOCl occurs naturally in the body and is produced by white blood cells as part of the immune defense against infections and bacteria.

The Care Plus formula consists only of water, salt, and electricity, producing the purest hypochlorous acid. HOCl is biodegradable, making it a fully eco-friendly product.

Multifunctional:

- ✓ Cleansing
- ✓ Refreshing
- ✓ Soothing
- ✓ Caring
- ✓ For dry skin
- ✓ For sunburned skin
- ✓ After shaving

Directions for use:

To use, remove the plastic cap and foil from the bottle and screw on the spray nozzle. Shake gently and spray directly onto bare skin. Allow to air dry or gently pat dry. Do not wipe. Use as often as needed.

Warnings:

Use only as directed. If skin irritation occurs, discontinue use immediately. Keep out of reach of children. Store at room temperature. Avoid exposure to direct sunlight.

IN SHORT

Your perfect travel product - all in one!

- Clean without water
- Soothes and cares for the skin
- A "full body" solution for care, refreshment, and strengthening the skin's natural barrier

Active outdoor lifestyle

- Reduces sweat odor
- Soothes the skin after an intense workout
